

From the desk of

JULIE EDWARDS

Executive Director | Humane Society of Northeast Georgia

You have a heart of gold. Solid gold.

And your shiny, beautiful heart knows no bounds.

I see your heart in our work every day.

Your heart comforts rescues like Lydia as they recover from unimaginable pain.

Your heart heals rescues like Parcel who would have died, homeless and completely alone.

We rarely know what happened to the rescues like Lydia and Parcel who come to us. How long they suffered. How long they lived without love. But I do know that without people like you, they would not be alive today.

Without you, the lives of homeless, abandoned, and neglected animals in our community would look very different. And not in a good way. Because without you, the work we do to help those who have no one else doesn't happen. Can't happen. Won't happen.

Because of you, homeless rescues get the second chance they deserve. Your heart of gold means the difference between life and death for so many.

I hope you enjoy the enclosed newsletter and the stories of Lydia, Parcel and others your heart has saved through your caring generosity.

Thank you for being my inspiration,

Julie

P.S. I'd love to hear what you think about the newsletter! You can find me at JEdwards@HSNEGA.org or 770-532-6617.

PAWESOME POST

Sharing the life-saving difference you make every day for our homeless rescue friends!

A Life-Saving, Super Hero Day!

In early August, a normal Saturday turned into a record-breaking day for rescues, thanks to your support.

Early that morning, a local animal control reached out to HSNEGA to ask for help. They were overcrowded and going to have to make some tough decisions if they could not find immediate placement for some of their intakes. Then, a rescue group contacted our team about taking in 20 puppies from two large, unwanted litters.

Our team jumped into action, clearing and cleaning isolation rooms, pulling medications, beds and blankets. The puppies arrived and, though healthy, they were infested with fleas. Warm baths, vaccines and flea meds were given and the pups settled into kennels.

Then, our team went to the animal control and, three hours later, arrived back at HSNEGA with 48 dogs including three mamas with 22 newborn babies! Add in a few other rescues from the day, and the grand total came to 71 HOMELESS ANIMALS SAVED!

Sadly, several of the rescues saved that Saturday needed urgent care. One of the mamas was suffering from a severe case of mange and a nasty cough. Two tiny puppies also were covered in scabs from mange, frightened and shivering. Two smaller dogs had horrific matting, their coats hanging in clumps. Three of the dogs had moderate to severe cases of heartworms requiring intensive treatment. And a petite Chihuahua desperately needed help for a severely broken leg.

Without you, this miraculous day would not have been possible. Your support provided their food, shelter, and medical treatment including emergency surgery to stabilize the Chihuahua's leg. Thank you for showing sick, injured and abandoned animals that somebody loves them. Thank you for easing their pain and suffering. You are their only hope. You are their hero.
