Hello Pamela,

We haven't heard from you in a while, so we are wondering if you still want to receive emails from the American Heart Association's grassroots advocacy program, *You're the Cure* (YTC). If not, simply click the link below to unsubscribe from the YTC list. Although we'll be sad to see you go, we won't take it personally.

However, if you still want to be involved in fighting heart disease and stroke, why not take action right now? [Take this simple pledge that says you want to see healthier communities today!](#)

Thank you!

**Heart Disease and Stroke. You're the Cure.**

**P.S.** – We know many advocates volunteer beyond the *You're the Cure* program and for that we **thank you**. Don't worry, you can still be involved with AHA even if you decide to stop receiving communications from *You're the Cure*.

## TAKE ACTION

### Action Alert

#### Re-activate your record by taking the pledge today!

It's simple. We need your voice for change! At one point you were an active member our grassroots network, but we haven't heard from you in a while. With heart disease and stroke remaining the No. 1 and No. 5 killers, we need as many You're the Cure advocates as... [\[+\] more](#)

### Petition Text

As a You're the Cure advocate I pledge to...

- Fight for healthier communities in my state
- Urge Congress to increase funding for medical research
- Advocate for increased access to vital medical care
- Do whatever I can to find a cure for heart disease and stroke
