MATCHED FOR THE NEXT **6 MONTHS!**

[MATCH YOUR GIFT 2X NOW](#)

Dear Pamela,

Today is leap day and the last day of February, which means you only have until midnight tonight to be a part of Anera's Visionary campaign!

This month, we asked the Anera community to "take a leap of faith" and reaffirm their support to help refugees by starting a monthly gift. We're so thankful for those who have responded, but we're falling short of our \$15,000 match goal and need your help.

Can I count on you to join the Anera Visionaries? Start your monthly gift before midnight tonight, and your donation will be **MATCHED** for the next six months, doubling your impact on families living in Palestine, Lebanon and Jordan.

When you start your monthly gift at \$25 or more, you will be entered to win an Anera Annual Dinner prize package* for two people.

Don't miss out on this chance to double your support! As always, thank you for your generosity.

Maha Akkeh

Hi Pamela,

Join the **Anera** Visionaries in February and your monthly gift will be **MATCHED 2X** for the next six months. Plus, if you [start your monthly gift](#) at \$25 or more this month, you will be **entered to win** the following:

- Two tickets to the **Anera** Annual Dinner on October 2, 2020 in Washington, DC.
- Two nights at the Mayflower Hotel October 2-3.
- Invite to a special reception with honorees and **Anera** field staff
- Photo opportunities with VIP guests

Below, you can read more about how your monthly gift will make a difference in the lives of refugees throughout the year.

\$25/month

can help cover the cost of 50 blood tests a month to screen donated blood.

GIVE \$25/MONTH

The blockade of Gaza severely limits the import of critical humanitarian goods like medical supplies, equipment and medicines. Sometimes during medical emergencies or crises, clinics like the Gaza Central Blood Bank Society must turn away hundreds of people willing to donate blood because they don't have enough supplies to screen donated blood.

[Join the Visionaries today with a monthly gift of \\$25, and your donation can help cover the cost of 50 blood tests a month to screen donated blood, which helps ensure patient survival during a crisis.](#)

For decades, **Anera** has been building relationships and knowledge of international shipping logistics to ensure that life-saving supplies are quickly put to use. Our on-the-ground staff coordinates shipments through every step of the journey so that no materials are wasted. [Your \\$25 monthly donation](#) can help ensure clinics and hospitals are **always** stocked with the supplies and medicines to help people in need.

DOUBLE YOUR \$25 MONTHLY GIFT TODAY

\$50/month

can help provide 3 at-risk youth each month with school kits to help bridge the gap in their education.

GIVE \$50/MONTH

Across Lebanon, there are thousands of youth who drop out of school at an alarming rate. Many of these are new refugees under the age of 18. Refugee camps in Lebanon lack safe spaces for learning, training and recreation, and many children can't afford the cost of transportation, school fees and supplies.

[Join the Visionaries today with a monthly donation of \\$50 and your gift can help provide 3 at-risk youth each month with school kits to help bridge the gap in their education.](#)

Your support will help sustain Anera's non-formal education programs that provide youth with basic Arabic, English, math and life skills courses. Our programs also emphasize social and emotional well-being of teens who have experienced trauma. [You can transform lives every day when you start your monthly gift of \\$50 today.](#)

irrigation
techniques.

GIVE \$100/MONTH

In the West Bank, water scarcity has been burdening farmers for years. Agriculture uses nearly half of the total available water and, during the summer, farmers experience regular cuts in water service. For many families, this puts a burden on their livelihoods and way of life.

You can help provide efficient and sustainable solutions for irrigating farms in Palestine by joining the Visionaries today with a monthly gift of \$100. Your donation can train and mentor one farmer a month on new water-saving irrigation techniques.

Anera addresses the water scarcity in the West Bank by constructing wastewater treatment plants. The reclaimed water is perfect for irrigation, and helps farmers produce more crops and increase their income to better provide for their families financially. But this can only happen with your support. [Start a monthly gift of \\$100 today and you can help farmers learn valuable new techniques in watering their crops, and protect their way of life.](#)

Dear Pamela,

In honor of a loved one, show your support for Palestinian and Syrian refugees by joining the **Anera Visionaries** this Valentine's Day. When you start your monthly gift today, your donation will be MATCHED 2X for the next six months thanks to **Anera** donors who are doubling all monthly gifts made in February. Your support will sustain core health, education and economic development programs and help **Anera** respond in times of crisis.

Why join the Visionaries? Let's ask longtime **Anera monthly donors, Yasmeen and Darren!**

Longtime Anera Visionary donors, Yasmeen and Darren.

"It's always been about the children," says Yasmeen Shousher Moore, who has been an **Anera** monthly donor since 2008. "I saw one of **Anera's** videos featuring children talking about what they want to be when they grow up. I always picture those kids when I think about my monthly gift."

Four years later, Yasmeen's husband, Darren Moore followed her lead by starting a monthly gift.

"For me, it's the tangibility of the projects. Whether it's installing a greenhouse so a woman in Gaza can grow her own food, or vocational training so people can maintain large-scale infrastructure projects in their communities, there's no fluff when it comes to **Anera's** projects."
