

Dear

How are you? I hope you are fine here
We are fine. Life here is good. We
are enjoying.
We are in summer, it's raining at our
country. I am so happy to be with you.
In my education I am going well. I am
praying so hard that one day, I will
visit you at your place. At our place we
have planted some plants. But we like maize.
So much. At our school we learnt many
things and about many countries. I trust God
that one day I will meet with you.

your faithful,
Nelima
