

What's not to love about birds? This Valentine's Day, celebrate birds by sharing what you love most about them. [Leave a comment on our Facebook page about the birds you love](#) and you'll be entered to win a bottle of Aveda Love™ oil.

Join the conversation on Audubon's Facebook page and share your love of birds with fellow bird lovers.

**Laura Michelle** Birds in my eyes, are the sweetest of creatures. To see and hear them gives my heart wings.

**Carol Stirling Paige** I love ALL birds!! Except when the blue jay and the grackles start fighting over the feeder and go into their screeching mode!!

**Morgan Dalrymple Taylor** I love Cedar Waxwings - I don't get to see them very often, but I love their mysterious exotic look with a beautiful hint of color. I'm planning to plant more fruit trees just to attract them.

**Iris Hayden** I love the tiny Carolina wren - it is innovative in building in various & sundry openings, and they sing loud & long - no matter what the weather --- but then, I haven't seen a bird I don't like
