## Snuggly Monkey or Majestic Lightfoot?

Dear Pamela,

I think we can all agree that life as a cat sounds pretty awesome. So, why not

indulge the idea a bit and explore what your own “cat mood” might be with our **fun-and-fluffy five question quiz?**

[Take the quiz >](#)

Whether your results tell you that you’re regal and majestic or a bit of a goofball, you can rest assured that *any* cat attitude is the best attitude. We’ll even show you some adorable adoptable felines who share your personality!

And if adopting a fancy new feline is on your summer bucket list, you can check that item off by **adopting a new cat or kitten** for just \$10 this June during the Summer to Save Them All.

Cheers to whatever your cat mood may be and to the joy of life with (and as) a cat!

Together, we can Save Them All.
