Dear Pamela,

Imagine knowing that homeless dogs and cats in shelters all around the country are safe and protected — that a bright future, abundant in love and companionship, awaits each hopeful whiskered face and every thumping tail.

Together, we are turning that vision into reality. **Together with you, Best Friends is committed to making every community in the country no-kill by 2025.** And indeed, you hold the key: Just 30 years ago, approximately 17 million animals were killed annually in U.S. shelters. By 2021, that number was down to around 355,000. We are saving lives like never before, and it's directly thanks to dedicated people like you.

Because we are committed to reaching every pet in every community, your support is especially crucial: Providing lifesaving care when and where it's needed most is the foundation for this work, and when you **become a monthly supporter** — a Guardian Angel — that's what you'll do.

[Start my monthly gift »](#)

Your reliable contribution not only ensures warm beds and nutritious meals to pets waiting for families of their own, but it also impacts Best Friends' work at every level of the lifesaving process: from preventing animals from becoming homeless in the first place to facilitating game-changing mentoring relationships between shelters to empowering individuals to advocate for pets in their own communities.

\$10 / month

Can provide four newborn kittens with bottles for feeding

\$25 / month

Can neuter a cat, preventing unwanted litters

\$50 / month

Can provide a wellness exam, microchip, and vaccinations for a new arrival

\$100 / month

Can provide care for one special needs dog or cat

As a Guardian Angel, you'll be integral to creating a new animal welfare landscape by supporting innovative programs that:

- Find homes for pets who simply need a little extra help getting adopted
- Provide lifesaving lifts to pets from areas where they're at risk to the safety of Best Friends and our partners
- Shut down puppy mills and end breed discrimination
- Promote mentorship and collaboration between shelters
- Focus on saving the lives of the most at-risk pets in shelters: big dogs, community cats, and kittens
- Provide training, grants, and more to our 4,000-plus network partners
- Build robust foster networks and adoption programs
- Ensure quality veterinary care to homeless dogs and cats around the country
- Support our grassroots movement made up of nearly 85,000 individuals and organizations working to advance policy change

It's incredibly easy to become a Guardian Angel. Plus, you'll receive great perks like Best Friends' bimonthly magazine, special opportunities when visiting the Sanctuary, and invitations to Guardian Angel events and discounts. **After you've signed up, you'll be invited to select a special thank-you gift** and you'll receive free shipping on any additional shopping you do from our online store at that time. We would be truly honored to be partnering with you so closely in this important work.

Because of your passion and your resolve, we are edging ever closer to the day when every pet will know the security and love of a family of their very own. So please become a Guardian Angel to the animals today, and [keep the lifesaving momentum going each month](#) — and for years to come.

Together, we will Save Them All.

A handwritten signature in cursive script that reads 'Julie'.

Julie Castle, CEO
Best Friends Animal Society

P.S. [Make a lifesaving impact when you become a Guardian Angel](#) — and lead the way to a no-kill country by 2025.
