

Hi Tritriagain,

We're making progress improving the way we vote. We helped get approval voting implemented in Fargo last year, and now we're working to make it happen in St. Louis.

But we need your help! Not enough people know about approval voting.

We'd like to send you a FREE approval voting sticker so that you can spread the word about a simple reform that can transform our democracy.

Just fill out [this Google Form](#) with your info, and we'll send you a free sticker!

Thanks so much for being an approval voting advocate, Tritriagain! We really appreciate your support.

Together in Democracy,
Caitlyn
Director of Operations & Programs
