

**Hope. Empowerment. Sustainability.
Education. Family Reunification.**

Those five words came to life again today in Ghana when our staff walked out of a small fishing village with 11 trafficked kids. As you read this email those kids are on their way to a specialized rehabilitation shelter where they will stay for approximately 6 months before rejoining their families forever.

Your support has made this possible.

Your support has brought this new life.

Thank you.

On behalf of each one of these children and families, thank you.

**Will you consider becoming a MONTHLY donor today
to support our next rescue?**
