

Dear Pam,

Every now and then, something special happens that validates your choices in life, your values and your passion. I want to thank you for choosing to support our work and make a real difference for children.

On October 17, MHOF was thanked in a very public and special way for 20 years of keeping music alive for kids across the country. In receiving the National Arts Education Award from Americans for the Arts, I stepped up to accept the honor from a young violinist who recently benefited from our work, Brianna Perez, who attends school in the Bronx.

In accepting the award, all I could think of was all of you – without you we wouldn't be here doing the work you want us to do. Please take a moment to [watch this wonderful video](#) from the evening, and be proud of what you make possible.
