# Thank you!

Dear Pamela,

I know you've already received a formal thank you from us but I wanted to reach out personally to express my gratitude for your donation to the Coalition in December. I know you follow and donate to quite a few non-profits which made your donation feel extra meaningful.

Also, a huge thanks for all your work encouraging and lifting up small non-profits like ours. We've benefited so much from your advice, expertise, and trainings and you continually inspire us to improve and do better. There's always more to do!

I hope your recent health challenges are behind you and that you are starting off 2019 with energy and optimism. Thanks so much again,

Kathleen Kennedy

Dear Pamela,

You are amazing.

I can't thank you enough for your gift of \$50 on January 8, 2019. With this gift, you are helping us repair our health, our communities, and our planet. Thank you!

When you support the Intervale Center, you are helping farms across Vermont, delivering wholesome food to our neighbors, and growing forests, ensuring that Vermont will stay green for future generations. And you are helping us take care of the one-and-only Intervale, a model for how communities can transform abandoned and misused places and make them productive and beautiful.

Your support helps preserve the Vermont way of life – green spaces, good food, and community.

Thank you for creating meaningful, lasting positive change in our beloved Vermont.

Sincerely,

*Shana Trombley*
