to me ▾

Hi Pamela,

Apologies for the mass email. The Adventure Project has an exciting opportunity to unlock \$50,000 - but it ends this week. I'm reaching out to see if you might be able to help?

Earlier this summer, the Grafton family came to me with a humbling and generous offer. Free Grafton recently sold his tech/software company. His wife, Soni, worked at Compassion International, running operations in Uganda. Both saw firsthand the power of monthly giving to grow and sustain their organizations. (For Free, it was software subscriptions that grew his business).

As long-time supporters of The Adventure Project, they have seen how our monthly givers have sustained and grown our work. This includes expanding our reach to new countries, even during the pandemic. Our 400+ members, allow us to spend less time and money on fundraising campaigns and more time focused on impact.

Therefore, the Graftons have been matching all new members' gifts for the entire year, up to \$50,000 (this is incredibly generous!).

So far, 86 people have joined, unlocking an extra \$20,887.

To reach the full \$50,000, we estimate we need 117 people to join with a gift of \$20 per month before the end of our fiscal year (which is Oct. 31st!).

If you have the capacity to join us, would you be willing to be one of the 117 people we need?

Yes, I can help!

Not now.

What are the benefits for you? Yes, you get a tax write-off, but more importantly, you get the deep satisfaction of knowing you're part of the solution and part of a community that cares.

By becoming a member, each month your support goes to a different job creation program in Africa. **You receive one monthly email connecting you to who you helped and how your gifts are impacting those in need.**

It takes \$20 per month to help at least 100 people currently living in extreme poverty (which will then be matched to help 200 people!).

With your support, you give people the skills to care for sick children, grow more food, and keep clean water flowing.

I completely understand that you may not be in a position to join The Collective right now—and that's ok! Either way, please know how grateful we are for you.

Feel free to email or text me with any questions; my info is below.

Gratefully,

Becky

Hi, thanks for visiting and hope you are staying safe. Have a question? Our team is online now!

There's never been a better time to join.

You will fit right in.

The Collective is a monthly giving program filled with people we're honored to know.

From female founders, adoptive parents, pastors, sorority sisters, tech CEOs, and college students; each person is giving because they want to see a world where we all have the opportunity to thrive.

"As a mom, it is important for me to make a positive impact in the world and show my children that you can make a difference. It is not enough to just care, you have to strive to make the change."

Amy K.
