**Have we told you lately how much you mean  
to us, Pamela?**

**Another year  
of engagement  
with WHYY ❤️**

Did you know we've been together since 06/27/2017? We've gone through a lot together! And because you are a Sustainer, you are as reliable to us as public media is to our community.

**WHYY-FM** is always there with the most important news of the of the day put in a broader context. **WHYY-TV** reliably brings you the best in arts, entertainment, news and education. Both are available on air and online because of you.

You are our rock, just like we're yours. Thank you for supporting **WHYY** with a monthly donation of \$10.

Of course, you donate because you love **WHYY**. Here are some of the things we've done together this past year:

- We've reported on local COVID-19 response and primary elections and shared vital national and international news on climate change, the war in Ukraine and more.
- We have hosted important Community Conversations and events, and **WHYY** Media Labs returned to classrooms and taught over 500 students about multimedia storytelling
- We produced new episodes of *You Oughta Know* and *Movers & Makers*, sharing the stories of all the best things to do and places to go in the region
- We have produced podcasts like *March On*, about the rebuilding of Pride after accusations of racism and transphobia and *Half Vaxxed*, a podcast telling the story of a Philadelphia vaccine distribution deal gone wrong

Public media is a community movement — our movement! Thank you for being part of it.

Yours truly and truly yours,

Your friends at **WHYY**
