I love a good challenge match and I love WHYY.
But I would have preferred a simple "thank you,
happy Valentine's Day."

Hi Pamela,

From local news to global affairs, WHY? consistently delivers journalism that is both relevant and impactful. You love WHY? for our insightful news coverage and in-depth stories that enrich our lives and deepen our understanding of the world.

Today, you have the opportunity to [show your love for public media!](#) Every donation counts. You can ensure that WHY? continues to produce the high-quality journalism your community relies on!

What's more, there's an exciting incentive to act now: **if WHY? receives 350 donations by 6:30 p.m., a generous couple from Wyndmoor will contribute an additional \$10,000.** Your contribution, no matter the size, will help reach this goal and earn this crucial funding.

[Please consider making a donation today to support independent journalism and the invaluable work of WHY?.](#) Together, we can keep our community informed and engaged.

Thank you for showing your love for WHY? ❤️

Dear Friend –

This is an overall great email. My one quibble? They've got my name. Use it. "Dear Friend" never makes me feel warm and fuzzy. You?

Why does Orbis love you? Let's count the ways!

1. Because you change lives.

Meet Tushig, a bright young boy from Mongolia, who was born with severe retinal problems. Tushig had deteriorating vision from ptosis (drooping eyelid) and amblyopia (lazy eye). In the years leading up to the treatment, Tushig coped surprisingly well with his ptosis by tilting his head backward and raising his eyebrows so he could see. The seven-year-old Lego fan didn't let his vision impairment stop him. He was often seen running, playing soccer, or even riding his bike. But he needed surgery as the risk of losing his sight increased.

Thankfully, **because of supporters like you**, the family was introduced to a wonderful pediatric surgeon, Dr. Battsetseg, at a partner hospital in Ulaanbaatar. After surgery, Tushig's working eye has become more visible, and his appearance had brightened. "I became handsome," said Tushig with a smile.

Tushig's sight has been saved, and he can follow his dream of becoming a video game developer. He can also look forward to a future of playing chess and soccer without the threat of his sight being lost permanently.

[Help change the life of a child with a gift today.](#)

2. Because you ensure that the Flying Eye Hospital reaches people like Rhoda.

For three years, Rhoda struggled with a blinding cataract. With cloudy vision, she couldn't read very well and was unable to make a living. Rhoda made an appointment at a local eye clinic for a screening and received her cataract diagnosis. However, the surgery was expensive, and Rhoda had no means of affording it.

Things started to look up for Rhoda when she was referred for screening at our partner hospital in Lusaka and was given some amazing news! The Orbis Flying Eye Hospital was in town for a three-week project.

Rhoda was selected to have her cataract removed at no cost to her... **all thanks to generous contributions from people like you, Friend.**

Had it not been for the Orbis community, Rhoda would still be struggling – facing an uncertain future. Now, with clear vision, she can provide for her family and is once again thriving with healthy sight.

Help more people like Rhoda receive the care they need with a generous gift today.

3. Because you help provide top quality training to eye professionals in underserved areas.

You and every Volunteer Faculty member make it possible for ophthalmologists, nurses, and other eye health professionals in communities around the world to be trained in the latest techniques and innovations.

In addition to in-person training, your support of Cybersight ensures we can reach even more people through online ophthalmic training, as well as remote mentoring, simulation training, and access to artificial intelligence to reach even more people. Your support helps us push the boundaries of technology and innovation, so we can lead the way in eye care.

We know you share a vision of a world where people live free from preventable blindness and vision impairment and everyone has access to the eye care they need to thrive. [Please support that vision by making your gift today.](#)

I hope you take a moment this Valentine's Day to appreciate the difference you make with Orbis every day. Thank you for your support of healthy vision around the world. 

Sincerely,

Dear Pamela,

For all that you do to support The Nature Conservancy, you're especially close to our hearts this Valentine's Day. Thank you for inspiring conservation action around the world.

Many of our members want to do even more to protect nature for future generations through a gift in their will, trust or retirement plan. [If you've included TNC in your estate plans and haven't yet told us, please let us know.](#)

Have you made a gift to
TNC through your will

Not a bad email, but to me Valentine's Day represents a prime opportunity to simply express your appreciation to your donors.

Hi Pamela,

Vote Forward's founder, Scott Forman, has always called Vote Forward letters "love letters to democracy" because encouraging your fellow Americans to make their voices heard is a deep expression of commitment to the democratic process.

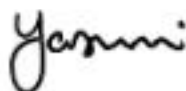

Today, on a day when many folks are writing love letters, I'm also looking forward to writing letters to voters this year, and I hope you are, too. It's going to be a big year for letter writing, with a focus on reaching infrequent voters, especially those under 35. **Stay tuned for an official announcement about this year's launch date coming during the first week of March!**

As we put the finishing touches on this year's campaign, [you can support our team's work by making a donation directly to Vote Forward.](#)

Support Vote Forward

Over the past several years, this community has sent more than 31 million letters to voters—that's an incredible show of your love for democracy! The whole Vote Forward team can't thank you enough for the incredible work you've already put into writing letters to voters, and for the work you'll continue to do this year and beyond.

Happy Valentine's Day!

Dear MoveOn member,

Again, not a bad email, but you want me to BUY stickers?
Better to give them away with the opportunity to make a
donation included.

Valentine's Day is all about sharing love, and, unlike Donald Trump and the MAGA Republican Party, we adore democracy.

That is why MoveOn is so excited to launch our special-edition "Vote Your Heart Out" collection, featuring a set of heart-shaped stickers and an enamel pin!

We know that the stakes of the 2024 elections could not be higher. Our democracy is truly on the line.

And while Republicans are spreading their hateful message with fear tactics, made-up culture wars, and bigotry, we can spread ours with multiracial, people-powered, community-centered action.

With messages including: "Vote Your Heart Out," "Be My Date To The Polls," and "Roses Are Red, I'm Voting Blue," you can share an important message about actively participating in our democracy and share a little bit of love this Valentine's Day and beyond.

Plus, our stickers are made from weatherproof vinyl, making them perfect for your car window, water bottle, bike helmet, and more!

[Don't wait! Supplies are limited and going fast! Click here to get your heart-shaped stickers or enamel pin \(or both!\) now!](#)

Happy Valentine's Day, and thanks for all you do.

–Kelly, Elizabeth, Kelsey, David, and the rest of the team

Want to support MoveOn's work? The MAGA movement's book bans have forced teachers and librarians across the country to remove books from their shelves and censor what young people can learn. MoveOn is fighting back, including by filling a "Banned Bookmobile" with books that the far right has banned and driving it to key cities and towns to raise the visibility of book bans, hand out banned books for free, and bring people together to stop censorship. To keep up the fight against book bans and the MAGA politicians who support them, we need your help.

Will you make a gift to power MoveOn's critical work?

[Yes, I'll chip in.](#)

A nice Valentine followup
from Meals on Wheels
following their event.

A heartfelt thank-you to everyone who made our 11th annual Food From the Heart Luncheon a huge success! This year's Valentine-themed event raised \$70,000 to support Meals on Wheels for Santa Cruz County. Thanks to everyone for making it our best year yet!

By coming together to show your love and support for these vital services, you helped ensure that no senior in our community goes hungry. More than a meal, you provide hope and human connection to local older adults to remain healthy and independent in their own homes and in our community.

Enjoy a recap of the festivities by viewing **event photos** at communitybridges.org/events. To obtain a higher resolution copy of your Valentine photo, contact us at donations@cbridges.org.

Please join us in thanking the Food from the Heart **planning committee** volunteers: Courtney Barrett, Michele Bassi, Brianna Carabba, Tere Carrubba, Meghan French, Ken Gorman, Dara Harris, Kathie Keeley, Alicia Kretsch, Julie Lambert, Anissa Novak, and Cathe Race.

Missed out on the luncheon? Don't worry! You can still join us by **making a donation** to Meals on Wheels for Santa Cruz County. Together, let's continue providing nutritious meals to our beloved local seniors who helped shape our community!

Your support ensures that every senior in Santa Cruz County has the help of a healthy meal and a caring neighbor to visit them. Your contribution means so much to our older adult neighbors, as well as the community at large. You truly provide Food from the Heart!

Another great example from FYI.

Pamela,

On this day of love, we, the students of Greenville Technical College, want to send you more than just chocolates and roses. We want to express our **deepest gratitude** for your incredible investment in our futures.

Your generosity is like a **love letter written in the language of opportunity**. It opens doors, eases burdens, and fuels our dreams. Because of you, we can:

- **Focus on learning**, not financial worries, thanks to scholarships that alleviate pressure and unlock potential.
- **Embrace hands-on experiences**, cutting-edge technology, and real-world learning thanks to your support of innovative programs and resources.
- **Build brighter futures**, not just for ourselves, but for our families and the entire Greenville community.

Your gifts are more than just donations; they are **acts of love and belief**. They speak volumes about your commitment to building a brighter future for all. This Valentine's Day, please know that **your impact resonates deeply within each of us**. We are filled with hope, determination, and a promise to make you proud.
